

Table of Contents

Methodology.....	1
Research Objectives.....	3
Market Background.....	4
Key Findings.....	5

Part I: Quantitative Research

Detailed Findings

I. Awareness of Green Products.....	8
II. Does Awareness Translate to Action?.....	10
III. Consumers Engage in Green Behaviors for Many Reasons.....	12
IV. Suspicions and Confusion Must be Addressed.....	13
V. Green – an Emerging Purchase Criteria?.....	14
VI. Future Outlook for the Green Trend.....	17
VII. The Logistics of Buying Green.....	18

Part II: Qualitative Research

Detailed Findings

VIII. What Does “Green” Mean?.....	19
IX. What Makes A Product “Green”?.....	20
X. Types Of “Green” Products Purchased.....	21
XI. Reasons For Purchasing “Green” Products.....	22
XII. Importance Of “Green” Products.....	24
XIII. Skepticism of “Green” Claims.....	25
XIV. Determining If a Product Is “Green”.....	26
XV. Ways to Learn a Product Is “Green”.....	28
XVI .Likelihood To Purchase “Green” Electronic Products.....	28
Conclusions.....	31
